

# TOILET CONTAINER FOR MILITARY USE

The toilet container is a 20-ft insulated ISO container equipped with toilets, washbasins, water heater, urinals, and garbage bag holders.

The toilet container is a 20ft insulated ISO container equipped with toilets, washbasins, water heater, urinals, and garbage bag holders. The container is insulated with fire-retardant sandwich panels. The floor, walls, and ceiling are covered with bright colored vinyl that is easily cleaned. The floor is covered with strong vinyl floor with increased grip.

- Water supply, sanitation, and electricity are easily connected at the front of the container
- Motor-ventilated with local exhaust ventilation in each cabin
- Container side has an air intake for extraction
- Heating with electric heating panel with adjustable temperature
- Front section and electrical installation prepared for installation of air conditioning
- Maintenance-free plastic entrance to prevent moisture damage
- Container has passed the durability test, according to the Danish Defense Department's specifications
